Online EEN Brokerage Event "Technology & Business Cooperation Days"

Start Date	13 July 2020
Closing Date	16 July 2021
End Date	16 July 2020

Details

City	Hannover
Country	Germany

Description

The real Enterprise Europe Network brokerage event during Hannover Messe 2020 "Technology & Business Cooperation Days" will now be organised as "virtual brokerage event". The HANNOVER MESSE 2020 will not take place due to the increasingly critical corona pandemic situation and finally by da decree of the Hannover Region. This means that all bilateral meetings organised within the framework of the event will be held as online meetings/video-conferences via this website. We will schedule meeting slots in April (20/4 – 23/4) and in July (13/7 – 16/7). You do not need any additional software, only an up-to-date web browser, a microphone and a webcam.

This event is organised by the local Enterprise Europe Network partner (NBank Hannover) and many other network partners ensuring a strong participation of German, European and international participants.

With the "Technology & Business Cooperation Days 2020" Enterprise Europe Network Niedersachsen will to continue the great success of the 2019 edition with nearly 600 participants from 37 countries (170 from Germany), the support of 100 network partners and 15 other partners (e.g. NCP Energy, NCP Production, industrial and automotive cluster organisations,...).

The brokerage event offers SMEs and research organisations the opportunity to find and meet partners for commercial agreements and for research & technology cooperation in the above mentioned fields.

The event is the virtual place to acquire new technologies, concepts and solutions as well to get in contact with potential suppliers and business partners to foster the international marketing and sales of already existing products and services

European Platform Care & Industry together against CORONA

Start Date	2 April 2020
Closing Date	31 December 2021
End Date	31 December 2020

Details

City Online platform

Country Belgium

Description

The Enterprise Europe Network Flanders created a European Platform - Care & Industry together against CORONA. The goal of the platform is to match the different needs of the healthcare sector and the offers of our companies and researchers. It also reserves place for governments to publish online all their relevant information links (via the marketplace item Service). We will use the B2Match as a central platform and use the strength of the E.E.N. members to gather all this.

The current COVID-19 crisis activated worldwide many initiatives to support and help those who are in need mostly fragmented on a regional scale. Nevertheless we all are facing the same challenges and are looking for solutions in order to support the entire healthcare sector.

At the same time we have to prepare the necessary support following the outbreak. The proposals on this platform can be supportive for this phase to.

The 'Care & Industry together against CORONA' platform aims to bring together all the different actors in Europe to:

- match offers and requests
- share knowledges and approaches
- give an overview of tailor-made support in your own region

At 'Care & Industry together against CORONA', we offer the opportunity to make targeted and time-efficient contacts with all actors in healthcare, industry, academia and government. By means of an online platform, interested parties can present their profile.

The platform stays online until the end of 2020, if the situation requires it, we will extend the deadline by 1 year until the end of 2021.

Description

In these times of "new normal" and the new ways of conducting business activities Croatian Chamber of Economy-EEN, together with its partners and supporting organisations has decided to organise online B2B meetings to allow business to continue regardless of the challenging times we all encounter in the physical world.

Intent is to transfer the usual EEN activities such as brokerage events, company missions and workshops to online/virtual platform.

This event will be organised with the focus on Russian market.
All Sectors are included.
Russian companies are invited to register to this event.

Country	Germany

Description

IraSME & CORNET Partnering Event 2020

Take the opportunity to meet online with companies & researchers for future R&D projects. Get the latest information on transnational funding schemes during our webinar on 10 November 2020, 3.00 pm CET (7.00 am MST / 5.00 pm MSK). Set up your individual B2Match profile in order to present yourself and your cooperation needs, and schedule virtual face-to-face meetings with potential cooperation partners from 10 October until 10 December 2020.

Funding R&D Projects

Get up-to-date information on R&D funding opportunities. Get insight into successfully running or finished projects. Find partners for future cooperation.

Open to all technological sectors and branches - we encourage multi-disciplinary approaches.
Target group: companies, associations and research organisations.

Online-Matchmaking

Schedule online face-to-face meetings with companies or researchers and get in touch with representatives of IraSME, CORNET, EEN and several national funding authorities

Use the free matchmaking tool to browse profiles of other participants and schedule appointments online. The video chat system will be open from 10 November until 10 December 2020.
Only for registered users!

Why participate?

Initiate international contacts and cooperation.
Find new commercial/technological/research partners.
Present your project ideas looking for partners.
Present your organisation and technical know-how.
Get the latest information on R&D funding programmes.
The event is free of charge.

How to participate:

Register on this website and publish your collaboration wishes in your profile.
Browse the participant list and book meetings.
